Benefits of Crime Coverage

Employee Dishonesty

An employee within your association decides to be less than honest, causing financial harm. Crime insurance steps in to cover losses caused by employee wrongdoing.

Computer Fraud and Restoration

When cybercriminals strike and your association faces losses due to computer fraud, a crime policy not only covers losses but also helps with the restoration process.

Forgery or Alteration

Important documents, maybe even signatures, are tampered with or faked. Crime insurance acts as your guardian, ensuring your association doesn't suffer financial consequences due to these deceptions.

Social Engineering

Imagine deceptive schemes designed to manipulate employees or associates, jeopardizing your association's finances. Your crime liability coverage is your defender against these cunning tricks.

On Premises / In Transit

Cash and valuable securities are stolen from within your association's premises or while in transit. With crime coverage, we ensure you are not left empty-handed.

Funds Transfer Fraud

Unauthorized or fraudulent money transfers can occur. Crime insurance stands as a barrier, ensuring your assets remain protected.

Money Orders and Counterfeit Money

If you ever accept counterfeit or unpaid money orders while collecting dues or payments for association services, crime coverage will protect against these direct losses.
